DETAILED ACTION

This office action is in response to the amendment and remarks filed 6/12/06.

Allowable Subject Matter

1. Claims 1-11, 13-20 are allowed.

Claims 1 and 19 have been rewritten to include the allowable subject matter of claim 12.

With respect to new claim 20, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "*said housing comprising an integral inlet port, wherein said inlet and said housing are formed from a first single piece, said port comprises a first integral nipple,...an end cap with an integral outlet port, wherein said outlet port and said end cap are formed from a second single piece, said outlet port comprises a second integral nipple*", in combination with the other claim limitations.

Note: Masaka'653 does not mention or allude to openings 11a or 12a as being ports, instead, Masaka'653 defines 11a and 12a as "cylindrical portions 11a and 12a" (col. 3, ll 34-35). Masak'653 refers to elements 13 and 14 as fluid outlet and inlet ports (col. 3 ll. 33-34).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
